Reasons for Allowance

Claims 1-15 are allowed.

The following is an examiner's statement of reasons for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance." Applicant is reminded the claims are allowable as a whole, and any modification to the claims may remove this indication of allowable subject matter. The italicized portion of the claims, in combination with the remainder, overcame the closest prior art identified on the PTO 892.

A method of creating *a core file* derived from an application crash, said *application belonging to a source platform and being run on a target platform* comprising the steps of:

- emulating the application on the target platform;
- responding to the crash occurring by *detecting whether the crash corresponds to the failure of a process corresponding to the emulated application;*
- mediating the crash process by intercepting information relating to the failure of *the emulated application and writing a core file corresponding to the failure of the emulated application running on the source platform.*
